To Whom It May Concern,

It is our pleasure to recommend Dr. Chela Love and the team at Love Clinic & Med Spa for their exceptional care, professionalism, and commitment to patient wellness.

Our company has worked closely with Dr. Love and her staff through telehealth services provided to several of our employees, particularly within the GLP-1 medical weight loss program. The feedback from our employees has been extremely positive, and the results have been evident through improved health, increased energy, and overall satisfaction in their wellness journey.

Dr. Love consistently goes the extra mile to ensure individuals feel heard, supported, and valued. She is a compassionate and knowledgeable physician who provides encouragement, dignity, and quality medical care. Her staff also provides exceptional customer service and creates a welcoming and supportive environment for patients.

Love Clinic & Med Spa remains our company's first choice for medical collaboration because of Dr. Love's experience, professionalism, and dedication to health and wellness. We appreciate all that she and her team continue to do for our employees.

We highly recommend Dr. Love and Love Clinic & Med Spa to anyone seeking comprehensive and compassionate healthcare services.

Sincerely,

Tessra Youngblood
CEO
