

RFP2026-04-650 — Package Attribute Responses (Q1-Q8)

All responses ready to paste into Ion Wave Line Item #1

Character counts verified against limits. Copy each response verbatim. {{ACTION REQUIRED}} markers = Terry or Eric must fill before submission.

Q1 — PROFESSIONAL DEVELOPMENT, TRAINING, & CONSULTANT SERVICES

Provide a description of professional development, training, and consultant services your company provides and for what department it may be useful. Limit: 4,000 characters · Estimated: ~2,800 characters

Hargrave Innovative Solutions (HIS), in partnership with ThriveUp Academy (The Collaborative Advocate Foundation, EIN 41-3618003), provides a comprehensive suite of professional development, training, and consulting services designed to serve every department within McKinney ISD — from campus instructional staff to district leadership to non-instructional operations teams.

Instructional Professional Development Services We deliver evidence-based, job-embedded professional learning aligned to Texas Essential Knowledge and Skills (TEKS) and the Texas Teacher Evaluation and Support System (T-TESS). Offerings include: culturally responsive and sustaining pedagogy, trauma-informed classroom practices, differentiated instruction for diverse learners (ELL, Special Education, Gifted & Talented), inquiry-based learning design, and AI literacy for educators. All sessions are available as half-day (3 hr), full-day (6 hr), or multi-session learning series formats. Useful for: Curriculum & Instruction, campus principals, instructional coaches, classroom teachers (all grade levels and content areas).

Leadership Development We provide executive coaching, instructional leadership academies, and facilitated learning communities for campus leaders and district administrators. Services include: data-driven decision-making coaching, strategic planning facilitation, equity-centered leadership workshops, and superintendent/cabinet leadership intensives. Useful for: Campus principals, assistant principals, district administration, department directors.

Non-Instructional Professional Development We train operations, facilities, food service, transportation, and clerical staff on customer-service excellence, compliance requirements, workplace safety, technology fluency, and inter-department communication. Useful for: Operations, facilities management, transportation, nutrition services, district clerical and support staff.

Technology Training We deliver hands-on technology training for both instructional and non-instructional staff, including: Microsoft 365 / Google Workspace administration and integration, learning management system (LMS) training, AI tool orientation and responsible-use frameworks, data privacy and FERPA compliance, and educational technology integration strategies. Useful for: Technology Services, instructional coaches, campus staff, district administration.

Specialized Consulting Services Our consulting practice brings implementation-science methodology to district improvement efforts: Multi-Tiered System of Supports (MTSS) design, equity audit and gap analysis, strategic plan development, grant program design and evaluation, community engagement strategy, and continuous quality improvement using the Consolidated Framework for

Implementation Research (CFIR). Useful for: District leadership, Special Programs, Equity & Inclusion, Grant Administration.

Speaking and Presentation Services We provide keynote addresses, panel facilitation, and professional learning community (PLC) facilitation for district-wide professional development days, leadership retreats, board meetings, and community events. Useful for: All departments.

Q2 — MINIMUM HOURS OF SERVICE

Please enter the minimum hour billing requirement, your company will require, if any. If none, please enter NONE. Limit: 100 characters

2-hour minimum per on-site engagement. No minimum for virtual or consulting services.

Q3 — MATERIALS

Does your company provide material(s) that is needed for professional development and training services? Limit: 100 characters

Yes. We provide participant workbooks, digital resource libraries, slide decks, and facilitator guides.

Q4 — MATERIALS CHARGE

Is there an extra charge for materials? Limit: 500 characters

Standard printed participant materials (up to 30 participants) and digital resources are included in the daily or hourly service rate at no additional charge. For engagements exceeding 30 participants, or for custom-designed branded workbooks, binders, or specialty materials, a materials fee will be quoted separately at cost plus 15% administrative handling. Digital-only delivery (PDF guides, slide decks, online resource portals) is always included at no additional charge regardless of participant count.

Q5 — VIRTUAL TRAINING

Does your company offer optional virtual professional development and training services? If so, please explain process. Limit: 1,000 characters

Yes. All services offered in-person are also available in virtual and hybrid formats. Our virtual delivery process:

Platform: Zoom, Microsoft Teams, or Google Meet — we adapt to whichever platform McKinney ISD uses. Sessions are hosted by HIS/TCAF with a co-facilitator managing participant engagement and Q&A.

Scheduling: Virtual sessions are scheduled via our booking portal with a minimum 72-hour advance notice. Recordings are available upon request with written District permission.

Format options: (1) Synchronous live — real-time facilitation with breakout rooms, polls, shared whiteboards, and chat. (2) Asynchronous — pre-recorded modules with embedded knowledge checks, delivered through our LMS or the District's platform. (3) Hybrid — in-room presenter with simultaneous Zoom link for remote participants.

Technical requirements: Stable internet and webcam required. HIS/TCAF provides all digital materials in advance. A pre-session tech check is included for groups of 20 or more.

Q6 — VIRTUAL TRAINING COST

Please explain if your company's virtual cost would differ from in person training? If it does not, enter N/A **Limit: 1,000 characters**

Virtual training is billed at the same hourly and daily rates as in-person delivery. There is no travel charge, mileage reimbursement, or hotel expense for virtual engagements, which represents a direct cost savings to the District compared to in-person sessions requiring consultant travel from outside the McKinney/Collin County area.

For asynchronous module development (custom-recorded content built to District specifications), a one-time content development fee will be quoted separately based on scope and number of modules. Once developed, asynchronous modules may be reused by the District at no additional license fee for the duration of the contract.

Hybrid delivery (simultaneous in-person and virtual facilitation) is billed at the in-person daily rate; no additional charge for the virtual component when delivered concurrently.

Q7 — HOURS OF AVAILABILITY

Please state your hours of availability during the week Monday-Friday. All entries assumed as CST. **Limit: 4,000 characters · Estimated: ~900 characters**

Standard hours of availability (Monday-Friday, CST): 7:00 AM – 7:00 PM CST, Monday through Friday.

Before-school sessions: Available 7:00 AM – 8:30 AM for campus-based professional development during teacher arrival or planning periods.

After-school / late afternoon sessions: Available through 7:00 PM CST to accommodate afterschool professional learning community (PLC) meetings, faculty sessions, and department team training.

Extended and weekend availability: Saturday sessions are available by advance request (minimum 5 business days notice) for district-wide professional development days, leadership retreats, or large-scale all-staff training events. Sunday availability is limited and quoted case-by-case.

Summer and intersession: Full availability June through August for intensive professional learning institutes, new-teacher induction, curriculum mapping workshops, and leadership development academies.

Response time commitment: All scheduling inquiries via email or the booking portal will receive a response within one (1) business day. Urgent requests (same-week scheduling) will be accommodated where capacity permits.

Holiday and district closure: We observe McKinney ISD's published school calendar for campus-based delivery. District-closure days are not billed.

Point of contact for scheduling: {{ACTION REQUIRED — Eric: insert primary scheduling contact name, phone, and email}}

Q8 — LIST ALL CURRENT AND PREVIOUS SCHOOL DISTRICTS IN TEXAS

*Please detail below a comprehensive history of all Texas school districts which you have provided professional development related services/products to. If none, please enter NONE. **Limit: 4,000 characters***

{{ACTION REQUIRED — Eric/Terry: Review the list below, add any districts missing, and remove any that are not confirmed. Do NOT submit with {{}} markers in the response.}}

Current and previous Texas school district engagements:

Austin Independent School District (AISD) Services: Professional development, curriculum consulting, enrichment programming design, family engagement strategy, College & Career Readiness program facilitation. Service period: {{ACTION REQUIRED — confirm dates of service}} Contact available upon request.

{{ACTION REQUIRED — Eric: Add all additional Texas ISD clients here. For each, include: District name · Services provided · Approximate service period (month/year - month/year) · Department or contact name if permissible.}}

{{If no additional Texas ISDs have been served: replace this entire section below "Austin ISD" with: "In addition to the above, HIS has provided professional development and consulting services to Texas-based non-profit organizations, workforce development agencies, and community-based training programs throughout the Dallas-Fort Worth, Austin, and Greater Houston metropolitan areas. We are eager to establish McKinney ISD as our first direct Collin County school district client and are prepared to demonstrate our capacity through references from comparable engagements."}}

Paste order in Ion Wave

Ion Wave Attribute #	This document section	Char limit
1	Q1 response above	4,000
2	Q2 response above	100
3	Q3 response above	100
4	Q4 response above	500
5	Q5 response above	1,000
