

RFP2026-04-650 — Document 8: Pricing Schedule

Hargrave Innovative Solutions • McKinney ISD

Strategic framing (per Terry ↔ Eric discussion 5/27/2026): This is an approved-vendor-list contract — McKinney ISD awards MULTIPLE vendors and is under no obligation to use any single one. The strategy is: **get on the list first, win task orders second.** Pricing should be competitive enough to land on the list in the first monthly evaluation cycle (deadline 5/29/2026 2:00 PM CT).

Terry's call: low-to-get-in-door. Eric's proposal: widen the catalog range, put high-end on the line item. **Recommended path: wide range in the catalog (shows flexibility and full-service capacity), competitive mid-tier rate on the submitted line item.**

Recommended Rate Card

These are recommendations based on comparable Texas ISD PD vendor contracts (Region 10 / ESC published rates, TIPS/TAPS cooperative pricing benchmarks). {{ACTION REQUIRED — Terry: confirm or adjust before Eric submits.}}

Hourly Rates

Service Category	Catalog Low	Catalog High	Submitted Line Item Rate
Instructional Professional Development	\$95/hr	\$175/hr	\$115/hr
Leadership Development / Executive Coaching	\$125/hr	\$225/hr	\$150/hr
Non-Instructional Staff Training	\$75/hr	\$125/hr	\$90/hr
Technology Training	\$95/hr	\$165/hr	\$110/hr
Specialized Consulting	\$125/hr	\$250/hr	\$165/hr
Speaking / Keynote (per engagement)	\$500 flat	\$3,500 flat	\$1,200 flat
Facilitator / PLC facilitation	\$85/hr	\$150/hr	\$100/hr

Daily Rates (6-hour instructional day)

Service Category	Catalog Low	Catalog High	Submitted Line Item Rate
Instructional Professional Development	\$575/day	\$1,050/day	\$695/day
Leadership Development	\$750/day	\$1,350/day	\$900/day

Non-Instructional Staff Training	\$450/day	\$750/day	\$540/day
Technology Training	\$575/day	\$990/day	\$660/day
Specialized Consulting / Retreat Facilitation	\$750/day	\$1,500/day	\$990/day

Half-Day Rates (3-hour session)

Service Category	Rate
Instructional PD (half-day)	60% of daily rate
Leadership / Consulting (half-day)	65% of daily rate
Non-Instructional / Tech (half-day)	60% of daily rate

Additional Fee Items

Item	Rate
Custom curriculum development (per hour of content)	\$200/hr development
Custom asynchronous module production	Quote per scope
Travel (outside 50-mile radius of Hargrave office)	Mileage at IRS rate + actual hotel (pre-approved)
Materials (>30 participants, printed)	Cost + 15%
Interpreter / translation services	Pass-through at cost

What to enter in Ion Wave Line Item #1

Ion Wave will ask for a **unit price and UOM (unit of measure)** for Line Item #1. Recommended entry:

- **UOM:** Hour
- **Response (unit price):** `{{ACTION REQUIRED — Eric: pick one of the submitted line item rates above as your "starting" rate, or enter the catalog low — note that Ion Wave may display this as the primary price point McKinney ISD sees first}}`

Recommended approach for Ion Wave: Enter the **Instructional Professional Development hourly rate (\$115/hr)** as the primary line item response, since that is the most commonly purchased service type for an ISD PD contract. All other rates are in the catalog/attribute section.

Competitive context

For reference — comparable Texas ISD PD vendor contract rates (publicly available from TIPS cooperative, Region 10 ESC):

- Region 10 ESC registered vendor daily rates: \$500–\$1,800/day depending on specialization

- TIPS/TAPS cooperative PD vendors: \$85-\$195/hr
- McKinney ISD prior contract (RFP2025-07-645) — rates not publicly available, but the RFP notes this is a replacement, suggesting an existing vendor base is in place

Positioning: Submitted rates above put HIS in the lower-middle of the market — competitive enough to land on the first-cycle award list, with room to move up in Years 2-5 as the relationship develops.

{{ACTION REQUIRED — Terry}}

Please review the submitted line item rates in the table above and advise Eric by **Thu 5/28 EOD** whether to:

1. Accept the recommended rates as-is
2. Adjust specific line items (tell Eric which category and what rate)
3. Increase the catalog high-end for specialized consulting (Eric's original idea — reasonable for the keynote and C-suite coaching tier)

Once confirmed, Eric pastes the Line Item rate into Ion Wave and uploads any pricing schedule attachment if required by the portal.
