Hard Stop Rules (Iron Rule #5 adapted for ISD procurement)

- Do NOT submit with any {{{ACTION REQUIRED}}} placeholder still in the text. Every bracket must be resolved before paste.
- Do NOT submit with \$0.00 showing in the Response Total — enter a rate or the line item will show "No Response."

- Do NOT miss the 2:00 PM CT deadline — late responses go to the NEXT monthly evaluation cycle, not this one. For a contract that replaces one expiring 8/17/2026, missing this cycle means a gap in the approved vendor list.
 - Verify Ion Wave shows "SUBMITTED" status after clicking Submit Response — screenshot it.
