

Youth Homelessness System Improvement (YHSI)

Biannual Progress Report

Grant Agreement: CPD-2600-DC-0035 · Recipient: Innovative Support Services LLC / TCAF

Reporting Period: 2001-01-01 to 2001-06-30 · Status: DRAFT — not yet submitted

I. Report Information

Reporting Period: 2001-01-01 to 2001-06-30

Report Status: Draft

Metrics Computed At: 2026-08-10 19:38:12 UTC

II. Performance Metrics

Data privacy note: Counts below 5 are suppressed (shown as null) to protect small cohorts; rates require a denominator of at least 5.

Youth Participants Enrolled (period): 0

A. Referral Pathway Performance

Total Referrals: 0

Resolution Rate: <5 (suppressed)

Avg Days to First Contact: <5 (suppressed)

B. Housing Stability at 6 Months

Youth with 6-Month Snapshot: 0

Stably Housed: 0

Stability Rate: <5 (suppressed)

C. Youth Leadership & Voice

Total Youth Voice Submissions: 0

Incorporated into Programming: 0

III. Progress Narrative

HUD YHSI Biannual Progress Report

Reporting Period: January 1, 2001 – June 30, 2001

Reporting Period Summary

During the first half of 2001, this YHSI-funded program reported **zero participants engaged** and **zero referrals processed**. No youth housing stability outcomes or youth voice activities are reflected in this reporting period. This is a startup baseline period.

Referral Pathway Performance

No referrals were received or processed during this period. Data on average days to first contact and referral resolution rate are not available.

****Interpretation:**** This appears to reflect either the earliest phase of program launch, limited outreach to referral partners, or a gap in data capture. The program should verify in the next reporting period whether:

- Referral pathways with schools, juvenile justice, foster care, and street outreach have been formally established and activated;
- Partner organizations have been trained on referral protocols;
- Intake and case management systems are live and tracking referrals.

Housing Stability Outcomes

No youth completed the 6-month follow-up window during this period, so housing stability data cannot be calculated. A housing stability rate is therefore not available.

Youth Leadership & Voice

Zero youth voice activities or youth advisory group participation are recorded for this period.

Youth leadership and voice integration are core YHSI requirements. In the next period, the program should:

- Establish a youth advisory board or regular feedback mechanism;
- Document youth participation in program design, policy, and evaluation;
- Report the number of youth engaged and the specific recommendations or decisions informed by their input.

Challenges & Next Period Plan

****Challenges:****

- No participant or referral activity to report suggests either the program has not yet launched service delivery, or data systems are not capturing activity. Clarification is needed.
- Without baseline enrollment, it is premature to assess housing stability or youth voice integration.

****Next Period Plan (July – December 2001):****

1. ****Activate Referral Pathways:****

Confirm all referral partners (schools, courts, foster care agencies, street outreach, drop-in centers) are trained and actively sending referrals. Log all referrals and time to first contact.

2. ****Enroll First Cohort:****

Target initial participant enrollment and document baseline demographics, risk factors, and housing status at entry.

3. ****Launch Youth Voice:****

Convene first youth advisory meeting; set schedule for regular input on program operations and evaluation.

4. ****Verify Data Capture:****

Audit case management system to ensure all referrals, enrollments, and service activities are being recorded and extractable for future reports.

5. ****Set 6-Month Follow-Up Schedule:****

Ensure processes are in place to conduct housing stability assessments at 6 months post-enrollment, with clear

tracking of stable/unstable outcomes by housing status category.

By the next reporting period, we anticipate baseline enrollment data, active referral volume, and initial youth voice participation, which will enable meaningful analysis of program performance against HUD YHSI benchmarks.
