

ADDENDUM #1

RFP No:	2025-23
RFP Title:	Professional Head Start Management Software
Questions Deadline:	November 17, 2025, at 5:00pm (CT)
RFP Due Date:	December 2, 2025, at 5:00pm (CT)

Addendum #1 is issued by the ChildCareGroup Procurement Office. Please see the following for changes/additions/deletions/and clarifications to the specifications:

Clarifications

Q1. Customizable software to meet the agency's needs:

- What specific areas of the platform do you expect to be customizable (e.g., whitelabel, reports, permissions, notifications, etc.)?

White label/branding, reports, user permissions, workflows, forms, notifications, dashboards)

- Do you expect customization at the agency level, site level, and/or classroom level?

Yes, we expect customization at all levels, agency, site, and classroom.

Q2. Provide data collection and reporting components which shall include:

B. Provide data collection and reporting components which shall include:

ERSEA (Eligibility, Recruitment, Selection, Enrollment, Attendance) capabilities

- What current ERSEA reporting and tracking tools are currently in use?

Internal Monitoring tool, Reports (2132, 2005, 2001, 2003, 4011, 2301, 2305, 2320, 2330, 2031, 2025, 2016)

- Is the expectation to use the chosen platform as a replacement of or supplement to existing ERSEA tools?

No

Family Engagement

- What current engagement reporting is in place?

ChildPlus, paper logs, surveys, home visit notes, and family partnership plans

- What type of analytics are needed?

Participation trends, goal progress, service delivery data, communication frequency, and event attendance.

Health

- What health reporting are you aiming to collect from the chosen platform?

Immunizations, physicals, screenings, follow-up documentation, service tracking, etc.

Inclusion

- Please specify the nature of specific inclusion reporting needs.

Disability services, accommodations, referral tracking, IFSP/IEP data, etc.

Education

- Is this education reporting pertaining to the staff's education and credentials, the children's development, both or other?

Both

Management

- To what degree will management reporting be done in the chosen platform (completely, supplementally, limited) and for what specific details will reports need to include?
 - Completely (platform will house all management data)
 - Supplementally (platform will support some additional reporting needs)
 - Limited (platform will only provide minimal or targeted reports)

Compliance Monitoring

- What specific Head Start compliance monitoring will need to be supported through supplemental reporting from the chosen platform?

PIR items, CLASS, ERSEA, ongoing monitoring indicators

- Is there a frequency needed on these reports or are they looking for this to be pulled at will?

They should be accessible as needed.

C. Ability to customize reports

- Can you clarify which reports must be customizable?

Family Engagement, Health, Education, ERSEA, etc.

- How often will customized reporting take place?

Weekly, monthly, quarterly, annually, and as needed

E. Electronic signature pad

- What will the electronic signature pad be used for?

Attendance verification, consent forms, intake documents, health releases, IFSP/IEP signatures, family partnership agreements

F. Ability to pull reports for annual PIR (Program Information Report)

- Can we clarify the information contained in this annual report?

Enrollment, eligibility, health metrics, disabilities, staffing, family services

G. Ability to track and report in-kind

- Please clarify in-kind reporting as it will need to be used and tracked in this case?

Parent volunteer hours, donated materials/services, classroom volunteer logs, home-based activity logs

Q3. How many sites and students will be served?

A3. 16 sites, 928 students
