## **I. INTRODUCTION – Solicitation Overview and Description**

The Austin Independent School District (herein after referred to as “AISD” or the “district”) has an ongoing need district-wide for youth and family enrichment program services. Austin ISD seeks to expand its list of awarded firms/vendors/contractors from which to obtain these services. Based on the annual, aggregate districtwide expenditures for youth and family enrichment programming contracted services, Austin ISD may require all vendors who will perform such services to have submitted a response to this RFP and receive an award prior to providing such services to the District. Awarded vendors will be added to the list of acceptable providers for youth and family enrichment programming services. This list is made available district-wide to all AISD campuses and departments.

Enrichment programs for youth refers to an array of safe, structured programs that provide children from kindergarten through high school with a range of supervised activities intentionally designed to encourage learning and development during and outside of the typical school day. Programs will occur before, during and after school, on the weekends, during school holidays, and in the summer. Qualified individuals/firms include those experienced in providing enrichment classes or services on campuses in the following four areas: **Academic Assistance, Enrichment, Family Engagement, and College and Career Readiness** (see ‘Attachment A: AISD Four Component Activity Guide’). Austin ISD may, at its sole discretion, add or delete services. This RFP scope excludes in-person and virtual tutoring services. These services are procured under a separate solicitation.

Enrichment programs for families refers to adult support services and activities that support and help to increase the participation of parents in the students’ educational experience. Services may include the following: Adult literacy, ESL, technology, job training, health and wellness, parenting, and/or parent-child learning opportunities.

There is no obligation upon or guarantee by AISD to use any particular awarded vendor during the term of the contract. AISD reserves the right to select the awarded vendor that best meets its needs.

**Proposers may make written inquiries through the AISD Bonfire Portal concerning this solicitation to obtain clarification of the proposal requirements. Inquiries shall be submitted no later than the time and date specified on the cover page. Questions received by this deadline, and corresponding answers, will be included in an Addendum. All addenda will be posted in the AISD Bonfire Portal.**

**Each Bidder, by submitting its proposal, agrees that the proposal is subject to the Austin ISD Policies and Provisions and agrees to comply with those conditions. Acceptance of a proposal will occur only when a contract is executed. Any contract will incorporate the Austin ISD Policies and Provisions and Standard Terms and Conditions and no commitment exists until a contract is executed by both parties.**

**Austin ISD is subject to the Texas Public Information Act. All documents submitted as part of the Contractor’s Proposal response will be deemed confidential during the evaluation process and will not be available for review by anyone other than Austin ISD staff or its designated agents. Following an award of contract or termination of the procurement, Proposals may be subject to release as public information. If a Proposer believes that its Proposal response, or parts of it, may be exempted from disclosure under Texas law, the Proposer clearly must specify page-by-page and/or line-by-line the parts of the Proposal response which it believes are confidential or otherwise exempt. Austin ISD assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by Proposers.**

## **III. INITIAL REVIEW OF PROPOSALS**

Any vendor/contractor determined non-responsive or any proposal determined non-responsive will not be evaluated further. The vendor/contractor will be notified of a non-responsive or non-responsive determination.

### **Responsive**

- Proposal shall be received prior to the RFP opening date at the address listed on the cover page;
- Proposal shall respond to the entire scope of service and performance requirements as requested.

### **Responsible**

In order for a proposal to be responsible, the vendor/contractor shall be in good financial standing with the Texas Comptroller of Public Accounts.

#### IV. COMPETITIVE SELECTION / EVALUATION

- A. This is a NEGOTIATED procurement and as such, award will not necessarily be made to the respondent submitting the lowest priced proposal. Award will be made to the firm submitting the best responsive proposal satisfying AISD's requirements, price and other factors considered.
- B. Consistent with state law and district policy, this RFP does not commit the district to award a contract. The district reserves the right to accept or reject any or all proposals and/or award in whole or in part any proposal if the district determines it is in the best interest of the district to do so. The district also reserves the right to waive any minor informalities in order to take the action which it deems to be in the best interest of the district.

C. **Evaluation Criteria**

The District will evaluate the initial response documentation from the respondent based on the criteria listed below. All criteria are considered "Pass/Fail" and will have no weighted value. A "Pass" will allow for the response to be considered further, where a "Fail" will remove the response from consideration. To be awarded, a respondent must receive a "Pass" on all criteria below.

- **Submittal:** All required forms and information was provided with the response.
- **Intent:** The respondent demonstrated the ability to meet the requirements of a Texas K-12 school district, and the type of youth and family enrichment services the District intends to purchase through the contract award.
- **Pricing:** All applicable pricing, rates, discounts, etc., have been provided and are appropriate for the District's use.
- **Quality of Services and Experience:** Key factors for award may include the following: vendor experience, availability, alignment with the TEKS, ability to serve limited English proficient students (LEP), curriculum, lesson plans, staff development, staff education and program evaluation (evidence that activities will increase participant educational experience). References provided by the respondent are appropriate and may be used for evaluation.

The District reserves the right to include additional evaluation criteria beyond the initial review to include, but not limited to the criteria identified in Texas Education Code 44.031(b). The District reserves the right to add additional evaluation steps, such as interviews, demonstrations, sample products, etc., to determine which response best meets the needs of the District. The District reserves the right to negotiate price, discounts, final terms and conditions, and/or any relevant factors prior to award.

## **V. SCOPE OF WORK AND PERFORMANCE REQUIREMENTS**

The following describes the service and performance requirements that the selected vendor (s) will be required to meet:

### **A. Term of RFP Award – Performance Based**

It is anticipated that the award resulting from this solicitation will be **date of award through June 30, 2031**.

To ensure the level of performance is satisfactory, the District may utilize periodic reviews related to contractual requirements and professional expectations. The District has the right to terminate the Contractor for cause. In the event that the Contractor is not meeting the requirements of the contract, the District may choose to counsel the company and its lead personnel. If after counseling the performance has not improved, the District has the right to terminate the contract in whole or in part for cause and the District may utilize all remedies available under law and/or by contract terms, which may include debarment of the Contractor from future awards.

### **B. Requirements for Youth and Family Enrichment Programming Services**

The following describes the service requirements that selected vendor(s) will be required to perform. Failure to address or to fully describe capabilities to accomplish all elements of this section will result in non-award. As a K-12 entity of the state, the District also has to consider the content of the offering and whether the offering meets the mission, vision and strategic goals of the District. The District reserves the right to reject or disqualify any vendor response that is in conflict with the State of Texas and/or District-established standards. This solicitation and awards are intended for services, but supplies related to the performance of the services may be considered if applicable.

#### **\*This RFP is NOT intended for the following services or products:**

**Tutoring services, print or cloud-based curriculum programs, print or digital instructional materials, test preparation materials, workbooks, books, computer software programs, instructional supplies, general classroom supplies or equipment. Submissions received for the above product or services will not be considered.**

Austin ISD is seeking qualified companies, organizations, and individuals to provide options for enrichment programming experiences in school and throughout the community.

The following describes the service and performance requirements that selected vendor(s) will be required to perform. Failure to address or to fully describe capabilities to accomplish all elements of this section will result in a loss of evaluation points.

1. AISD seeks to provide enrichment activities and classes for youth at all grade levels. This includes before, during, after school, summer recess, vacation days, and weekends, that:
  - a. Provide opportunities for academic enrichment, to help children, particularly students who attend low performing schools, to meet State and local student academic achievement standards in core academic subjects, such as reading, math, and science.
  - b. Offer students a broad array of additional services, programs, and activities, such as youth development activities, drug and violence prevention programs, counseling programs, art, music, physical education and fitness programs, and technology education programs that are designed to reinforce and complement the regular academic program of participating students.

2. AISD plans to offer family and parental support services and activities that support and help to increase the participation of parents in the students' educational experience. Services may include adult literacy, ESL, technology, job training, health and wellness, parenting, and/or parent-child learning opportunities.
3. AISD envisions a system of programs that are coordinated and aligned with the Texas Essential Knowledge and Skills and the AISD Curriculum Roadmap. AISD programs must provide opportunities for academic improvement that include the provision of instructional services to help students meet state and local standards. Students enrolled in the programs should experience the activities that are different but connected to the school day.
4. All respondents should provide high quality and clearly articulated expectations for students' development and achievement. Programs will focus on measurable outcomes related to school success and youth development, which may include some of the following Critical Success Factors:
  - Improved academic achievement
  - Improved school day attendance
  - Improved behavior
  - Improved graduation rates
  - Improved promotion rates
  - See "Attachment B" for chart of Child and Parent Support Critical Success Factors
5. Respondents should demonstrate that all proposed programming is based on research showing that effective enrichment programs are those that are based on identified student and family needs, aligned to school-day activities, adapt instruction to individual and small group needs, provide engaging learning experiences, maximize student participation and attendance, and use assessments of program performance to improve program quality. Such high-quality programs are an integral part of the pipeline to graduation and college success.
6. All Out of School Time (OST) proposed services and activities should be designed based on research about what works in OST programs – primarily research from the Department of Education's "What Works" Clearing House publication *Structuring Out-of-School Time to Improve Academic Achievement* and research about family engagement from the Harvard Family Research Project. AISD uses an evidence-based assessment tool developed by the Weikart Center for Youth Program Quality (YPQ) and trains all afterschool staff and contractors on best practices for activity development and implementation.

Respondents for Out of School Time (OST) programs should participate in the YPQ initiative by agreeing to assessments and training offered by AISD. In addition, all of the proposed project's family engagement activities are based on the national parent involvement standards established by the National PTA, including: 1) regular, two-way, meaningful, communication between home and school; 2) promotion and support of parenting skills; 3) active parent participation in student learning; 4) parents as welcome volunteer partners in schools, 5) parents as full partners in school decisions that affect children and families, and 5) outreach to community resources. AISD will take a coordinated approach to engaging families so that those most in need will have multiple points of entry into the continuum of services available through this program.

7. All respondents are expected to supply instructors, curriculum, unit and lesson plans, materials and supplies for the proposed activities.
8. All respondents should demonstrate their capacity to serve English Language Learners (ELL) students in the district. Currently, 28.1% of AISD students are classified as ELLs.

### **C. Submission Response in Bonfire Platform**

Vendors / contractors are invited to apply to this opportunity by submitting the following for consideration by the Student Support Services department:

- **PROPOSAL RESPONSE FORM**

Include a description of experience, qualifications, and cost summary applicable to the requirements for performing the services related to this RFP.

- **REFERENCES**

References are to be from people who are most familiar with the contractor's work. Each reference must contain the reference's name, address, telephone number, and e-mail address. A list of at least three (3) current references must be provided, including a reference from a relevant customer or appropriate supervisor.

- **ADDITIONAL DOCUMENTATION**

As necessary, a respondent may provide additional documentation to support their response. This is to be uploaded as Requested Information in Bonfire.

### **D. Multiple Vendor Award – General Information**

This solicitation is considered a "Multiple Vendor Award". This type of solicitation and award provides AISD the means to provide the District end users an opportunity to identify and purchase items or services that best fits their needs through various awarded vendors while meeting the state's competitive bidding requirements.

The District reserves the right to use other purchasing methods to meet its needs if it is determined the needs can best be met through other procurement processes, specifically if the expenditure for a specific program warrants a more formal competition.

**Multiple Award.** The term "multiple award" means awards will be made to multiple vendors during the solicitation offering period. If awarded, firms will be included in a catalog of approved vendors, which is maintained by the Contract & Procurement Services department. There will not be a hierarchy or tier level to the awards.

**Intent of the Awarded Contract.** To receive an award, the respondent must provide the services identified in this solicitation. If not, no award will be made and the response rejected.

**Evaluation of the Responses.** The evaluation process for this solicitation will be reviewed by the appropriate District staff to ensure awards are made in accordance with the requirements of the solicitation. The evaluation will be done on a pass/fail basis (see *Evaluation Criteria* for further information).

- Awards. If the respondent's response meets the requirements of the solicitation, the respondent will be notified electronically of such award.

- **Rejection of Response.** If the respondent's response is rejected, and based on the reason for the rejection, the respondent may be able to provide the missing information, documentation, or other action(s) necessary, for re-consideration by the District. Rejection for not meeting the intent is a final decision. The District shall be the sole determinate of the acceptance or rejection of a response.

### **Pricing Summary.**

Respondent shall provide a summary of the pricing proposed. The information is to allow for the District to determine within reasonable accuracy the overall costs associated with the offerings. This summary should include a basis of fee (rate per hour, per day, per program, etc.) and district discounts, quantity breaks, etc. Pricing is to be considered "not to exceed". If awarded, the respondent should be able to provide specific pricing for an event by quote as requested. Pricing shall remain constant for the duration of the awarded term of the RFP. Proposer may upload separate pricing document(s) if necessary.

### **Notice of Award / Non-Award.**

Recommended vendors will receive a Notice of Award. A vendor shall not perform services for AISD without a fully executed agreement and the issuance of a Purchase Order. Non-awarded vendors will receive a "Notice of Non-Award" via email.

### **Service Agreements.**

If awarded, vendors are expected to provide a quote to each campus / department detailing the services and pricing for specific events based on their proposal submitted and approved pursuant to this RFP.

An AISD Service Agreement will be issued to a vendor at the discretion of each individual campus or department requesting services. If an Agreement is issued, the vendor will receive the document via email for electronic signature using the DocuSign routing system. Once complete, vendors will receive an executed copy of the service agreement via email. Agreements issued as a result of this RFP do not guarantee any minimum amount of service or payment.

### **Purchase Orders.**

Once a Service Agreement is fully executed, the vendor will receive a purchase order (PO) for services that have been scheduled for the individual campus. Awarded vendor(s) shall not schedule or perform any service for the District, unless a District-issued purchase order has been issued. No orders shall be placed by District personnel without a purchase order. If the vendor provides service to the District, without first receiving an AISD purchase order, the District will not be responsible for payment.

### **Invoicing and Payment Guidelines.**

- Once a Contractor is selected to provide services, they will need to sign a Service Agreement issued by the campus or department. Once the agreement is fully signed, they will receive a Purchase Order and be paid by submitting invoices to the campus or department requesting services. To ensure prompt payment, a copy of the invoice, referencing the Purchase Order number should also be emailed to Account Payable at AP\_Invoices@austinisd.org
- Each invoice must contain an accurate description of the services provided, including the date(s) of services, campus location, etc.
- A Contractor vendor will be compensated by AISD for services actually performed and satisfactorily rendered in accordance with contract requirements and in accordance to

the District Comptroller's published Accounts Payable schedule. Typically, payment is net 30 days after receipt of accurate and verifiable invoice. Mileage and travel expenses will not be reimbursed by AISD.

**Availability of Funds.**

Any agreement resulting from this solicitation is contingent upon the continued availability of appropriations and is subject to cancellation, without penalty, either in whole or in part, if funds are not appropriated by the AISD Board of Trustees or otherwise not made available to the District.

**Use of Federal Funds.** This solicitation is issued utilizing the guidelines presented in the *Code of Federal Regulations* (CFR), [2 CFR 200](#). As such, the awarded contracts can be used by the departments or campuses with federal funds. Some federal programs will require quotes as normal procedure. This allowance is based on the awarded vendor remaining active in [SAM.gov](#) and not being suspended or debarred by the federal government.

**Dollar Limits per Purchase or in Aggregate.** Though an award of a contract to a respondent will meet the State's competitive bidding requirements, the District must also consider its fiduciary responsibility of ensuring the best interest of the District is met with every purchase. As such, larger, high-dollar purchases will be discouraged from utilizing a multiple award contract without some further competition such as multiple quotes from multiple awarded vendors. The District reserves the right to determine what is considered an acceptable limit for a purchase before quotations are necessary. This dollar limit will be considered an internal procedure and is not contractual for the awarded vendors. If it is determined that quotes will be required, the District does not guarantee any awarded vendor the right to be contacted for a request or submission.

The District may also consider that the annual aggregate dollar amount for a specific category of purchases warrants its own solicitation and award vendor(s) based on the competitive advantages the District will receive from a more formal procurement method. If so determined, the District will notify the currently awarded vendors of the change. The District will allow for purchases to continue through the current contract award until an award has been made for the new solicitation. The originally awarded vendors will be notified of the cancellation date of the previous award and no more purchases can be allowed for the category through the original contract.

**Conflict of Interest.**

■ *Employee Relationship*

In reference of AISD policies CH (LOCAL) *Purchasing and Acquisition*, and DBD (LOCAL) *Employment Requirements and Restrictions*, all proposers must disclose the name of any AISD employee who owns, directly or indirectly, an interest in the proposer's firm or any of its branches. Failure to provide such information may be grounds for disqualification of the response or cancellation of a contract resulting from this request.

● *Employment Restrictions*

Any person who has been employed as a full-time employee of the District may not perform services for the District for compensation as a vendor or consultant or on behalf of a vendor or consultant for 12 months after the termination of the person's employment relationship with the District. This restriction does not apply to former employees who are hired as classroom teachers, campus-based professional employees, or campus principals. AISD Policy DBD (LOCAL)

Contractor must ensure that there is no criminal history record that would prevent the Contractor from working in the District's facilities and directly with students whether in person or online. As such, the following must be followed by the awarded proposer:

For more information, please refer to AISD District Policy CJA (REGULATION) and CJA (LEGAL).
- If, during the term of the Contract the State of Texas changes or implements new laws related to criminal history information, or the District changes or implements new policies or guidelines for contractors that will have contact with students, the Contractor will be subject to such changes.

**Insurance Requirements.**

The Contractor shall provide proof and maintain the following insurance coverage applicable to liability which could be incurred in conjunction with providing services to the district.

The Contractor is required to carry the following insurance coverages:

- General Liability (minimum limit of \$1,000,000 per occurrence and \$2,000,000 aggregate). This policy should cover injury of a participant and include the following provisions: waiver of subrogation, endorsement to provide Austin ISD as additional insured, and notice of cancellation. Sexual Molestation & Child Abuse (SAM) endorsement of \$100,000 minimum (either specifically stated as included as part of General Liability or purchased separately in addition to the General Liability policy).

The company's policy shall apply to the State of Texas and include a waiver of subrogation in favor of Austin ISD.

A current, industry-standard ACORD Certificate of Insurance (COI) for each of the above policies shall be delivered to the AISD before any work is started. Certificates shall be sent to the AISD Contract & Procurement Services office at each change or renewal during the term of the contract.

CTPA is an alliance created in accordance with Section 791.001 of the Texas Government Code through interlocal agreements.

B. *Adoption of Awarded Contracts.* In support of this collaborative effort, all awards made by Austin ISD may be adopted by other active CTPA member districts. By adopting a contract from another CTPA member district, the adopting district has met the competitive bidding requirements established by the Texas Education Code, Section 44.031(a)(4) and as required by the adopting district's policies. There is no obligation on either the awarded vendor or the adopting CTPA member district to participate unless both parties agree. Upon mutual agreement of both parties to engage under the terms of the original contract, the vendor agrees to provide the contracted goods and services at the same or better contract pricing and purchasing terms established by the originating district. Minor modifications to the scope of work of the original contract may be allowed to accommodate the adopting district's needs, as long as such modifications are directly related in nature to the original contract.

C. *Document Sharing between Members.* To assist an adopting member district in establishing their supporting documentation, the awarded vendor's response and related documents owned by the originating district may be shared without prior notification to the awarded vendor, unless the vendor at the time of their response to the original solicitation clearly annotates that such sharing of their response is to not occur without prior permission of the vendor.

D. *Adopted Contract Management.* The adopting district shall be responsible for the management of the new contract and all payments to the contracted vendor. The originating district shall have no

responsibilities under the new contract agreement. Upon adoption of the contract by the adopting CTPA member district, the original term of the contract and any renewal or extension options allowed under the original contract shall then transfer to the adopted contract, and such renewals options may be executed by the adopting member district at its sole discretion and independently of the originating member district's decision to execute such renewal options on the original contract.

The contractor or vendor agrees the contract can be terminated if the contractor or vendor knowingly or intentionally fails to comply with a requirement of that subchapter, including the preservation of all "contracting information" (as defined in 552.003) and the provision, upon request of the governmental entity with whom you are contracting, of all contracting information.
