WHO WE ARE — THE PARTNERSHIP

The Collaborative Advocate Foundation (TCAF) and **Hargrave Innovative Solutions (HIS)** are a veteran-founded, Black-led community infrastructure partnership operating at the intersection of fatherhood support, behavioral health, benefits navigation, and workforce development. Together, we bring a rare combination: TCAF's AI-powered data platform covering 15 service domains across Central Texas and HIS's proven federal contracting experience and coalition-building depth in fatherhood and family stabilization programming. Our combined reach spans Travis, Williamson, Hays, Bastrop, and Caldwell counties — with a model designed to replicate nationally. We don't just identify gaps. We build the infrastructure that closes them, measure the results, and show funders exactly what worked.

TCAF CORE CAPABILITIES

Benefits Navigation & Enrollment Engine

- ▶ 9-program simultaneous eligibility screener (Medicaid, CHIP, MAP, SNAP, housing, WIC, TANF, childcare, veterans)
- ▶ 5-county CTX Benefits Initiative — CHW-guided enrollment, not just a directory
- ▶ Efficacy tracking: fully enrolled vs. document gaps vs. denied — every case logged
- ▶ Registered SNAP benefits educator (Travis County HSC portal)
- ▶ FHIR/CDS Hooks clinical interoperability; 0-PHI-egress design

Community Health & CHW Infrastructure

- ▶ CHW-I certified leadership (Dr. Flood, Community Health Worker — Instructor)
- ▶ Behavioral health screening: PHQ-9, GAD-7, C-SSRS, PCL-5, ACES
- ▶ Dialect-aware AI translation — AAVE, Spanglish, regional dialects preserved
- ▶ 107-language/dialect coverage including 18 signed languages

HIS CORE CAPABILITIES

Fatherhood & Family Stabilization

- ▶ Coalition convener for Williamson County fatherhood initiatives (Dads Care and partners)
- ▶ Consortium formation — active multi-org collaboration infrastructure
- ▶ Mental health programming specifically for fathers — educational and clinical linkage
- ▶ Family stabilization programming with documented outcomes
- ▶ Community outreach and engagement across faith, civic, and nonprofit sectors

Federal Contracting & Program Management

- ▶ Prime contractor experience — federal and public-sector bids
- ▶ Compliance and administration subcontracting (Lake Worth ISD 2026-0400-26)
- ▶ Long-term federal commercial contracting experience
- ▶ 501(c)(3) nonprofit — eligible for foundation, federal, and state grants

Coalition & Community Infrastructure

- ▶ Trusted-messenger model: stipended peer mentors, promotoras, faith leaders

Workforce & Trade Development

- ▶ 5 industry-grade Trade Sims: Electrical (MNA), Automotive, Plumbing (Hardy-Cross), Welding (AWS D1.1), HVAC
- ▶ Credential routing at 80% lesson completion — OSHA 10, NCCER, AWS, ASE, EPA, NATE
- ▶ Apprenticeship pathways: IBEW/NECA, UA, ABC, Iron Workers, SMART, TDLR
- ▶ Career pathway versioning — rare in workforce platforms

- ▶ Active partnership with United Way of Greater Austin
- ▶ Relationship capital across Williamson County service providers
- ▶ Coalition architecture: identifying gaps, aligning partners, sustaining collaboration
- ▶ "Upholding the golden rule" — dignity-first community engagement model

JOINT FOCUS AREAS — WHERE TCAF + HIS OPERATE TOGETHER

Fatherhood Mental Health

- ▶ Father-centered behavioral health programming
- ▶ PHQ-9 / GAD-7 standardized screening
- ▶ Clinical linkage through SafeReport (FHIR-compliant)
- ▶ Peer mentor + promotora integration

Health Coverage & SNAP Access

- ▶ CHW-guided enrollment in one session
- ▶ Efficacy tracking: enrolled / document gap / denied
- ▶ Registered SNAP education provider
- ▶ 5-county coverage: Travis · Williamson · Hays · Bastrop · Caldwell

Coalition Proposal Infrastructure

- ▶ Shared data platform for multi-org reporting
- ▶ 721+ grant intelligence — Episcopal Health Foundation, Catalan CLC, and 186+ at ≥80 fit
- ▶ AI narrative and LOI writer
- ▶ RFP Fidelity Engine for compliance

TCAF PLATFORM DEPTH — WHAT BACKS EVERY PROPOSAL

CAPABILITY	WHAT IT IS	FUNDER-RELEVANT FRAME
Grant Intelligence Engine	721 grants tracked · SAM.gov, Grants.gov, USASpending.gov · 186 grants at ≥80 fit score · tier-weighted AI scoring	We can find the funder again next year. Operational maturity most pre-revenue orgs don't have.
Implementation Science	39 CFIR constructs operationalized in code · RE-AIM / EPIS frameworks · MAP-GAP CQI (1,705 lines) · RPLICE scoring engine	Frameworks are tools, not theater — we can show the code that proves it.
Justice & Reentry Stack	RNR Assessments · CBI Programs · NRRC outcome reports · Recidivism baselines · Family visitation tracking · 11 DB tables	Production-grade reentry system — not a handout. Named in justice-lane proposals explicitly.
Foster Youth Transition	50-state policy comparator with statute citations · ETV/Chafee/Medicaid-to-26 · Multi-agency case management · 4-domain AI risk engine	Every state. Every statute. Not a resource list — a navigation engine.
AI Architecture	5-engine collaborative synthesis (failover) · Socratic + ensemble tutor modes · Dialect-aware translation · 86-chunk RAG on our own documented commitments	"We don't use AI. We orchestrate it." Grounded in our active commitments, not the web.
Trade Simulations	5 physics engines: MNA (electrical/auto) · Hardy-Cross (plumbing) · AWS D1.1 (welding) · Thermal-airflow (HVAC) · 75 lessons · credential routing	Industry-grade physics standards in a browser. Named by standard, not "real simulations."

COMBINED DIFFERENTIATORS

The Tool Already Exists

The CTX Benefits Initiative was built *before* the grant, not as a promise. The 5-county enrollment engine, CHW workflow, efficacy dashboard, and outcome tracking are live — not aspirational. Funders are investing in a proven tool, not a concept.

The Coalition Already Exists

TCAF + HIS bring an active United Way partnership, Williamson County fatherhood coalition, board seat on Williamson County Childcare Infrastructure Partnership, and confirmed relationships with Episcopal Health Foundation funders. Not a cold application.

Two Entities, Full Spectrum

TCAF (501c3) pursues foundation, federal, and state grants. ISS LLC (for-profit) pursues SBIR/STTR and commercial vehicles. HIS (501c3) anchors federal contracting and program management. Together: the full funding spectrum — foundation through commercial.

ENTITY	EIN	SAM UEI	CAGE	SAM STATUS	SET-ASIDES / ELIGIBILITY
TCAF (501c3 Nonprofit)	41-3618003	KDDVD1FGLW35	209N1	Active · Exp. 05/2027	Federal grants · Foundation · State · Community
ISS LLC (For-Profit)	87-2795417	C7YDV3P8EHL7	9VKK3	Active · Exp. 03/2027	SBIR/STTR · GSA Schedule · For-profit set-asides
HIS (501c3 Nonprofit)	[Pending]	[Pending]	—	—	Foundation · Federal · State · Federal Contracting

★ SDVOSB Certification pending — Dr. Flood is a medically retired U.S. Army veteran (service-connected disability). Once filed, TCAF qualifies for VA set-aside authority up to \$5M sole-source under FAR 19.1406 and government-wide SDVOSB preference.
