Accreditation

Walden University is accredited by The Higher Learning Commission, 230 South LaSalle St., Suite 7-500, Chicago, Illinois 60604-1411, (312) 263-0456.

Release of Information

This educational record is subject to the Family Educational Rights and Privacy Act (FERPA) of 1974. It is furnished for official use only and may not be released to or accessed by outside agencies or third parties without the written consent of the student concerned. Students may obtain copies of their academic records through the Office of the Registrar by written request only.

Walden University Tempo Learning™ Program

Tempo Learning™ is an alternative modality of learning to Walden's existing course-based learning modality. Instead of traditional courses, the program is comprised of competencies and rigorous assessments. Students progress through the Tempo Learning™ modality by successfully passing competency assessments, which are graded by Walden University faculty using detailed rubrics.

A student must successfully pass all competency assessments in order to meet the requirements of the degree. The degree earned from a Tempo Learning™ program (competency-based learning modality) is the same degree students earn in the traditional course-based modality of the program.

Transcripts from Walden University

Walden University maintains multiple student record systems. Transcripts for student records crossing multiple systems may appear in different formats. Students completing coursework in the Tempo Learning™ modality will have a transcript that is different in format from the Walden University transcript issued for traditional course-based programs. Therefore, a student who has taken coursework from Walden University in both a Tempo Learning™ program and in a course-based program will have two separate transcripts that comprehensively document the student's academic record. Student identification numbers in the different systems may have different formats as well.

Tempo Learning™ Calendar

The Tempo Learning™ calendar does not follow the same calendar as Walden course-based programs. Students can start in a Tempo Learning™ program on the first Monday of any given month. A standard "subscription term" in a program is 3 months in length. In those 3 months, students can take as many competencies as they desire, while still meeting minimum progress requirements. A course is not transcribed with an overall grade until each competency within that course has been completed. Once completed, the course will be listed with the subscription term of completion. Students continue to enroll in subsequent subscription terms until they have completed all of the program requirements. Therefore, all Tempo Learning™ students are considered full-time students.

Course Structure and Numbering

The courses required for completion in a Tempo Learning™ program are the same courses that would be completed in a course-based modality of the program. The difference is that in a Tempo Learning program, the courses are fulfilled by completing a subset of competencies that have been derived from each course. For example, a 3-credit course, WLDN 6xxx, could be comprised of 4 competencies (WU001, WU002, etc), all of which will have different credit equivalency weightings.

Ex: WLDN 6xxx	3 credits
WU001	.25
WU002	.75
WU003	1.00
WU004	1.00

Therefore, course numbering follows the Walden course based numerical convention.

Course Numbering System:

0001-0999	Fundamental Level Courses
1000-1999	Undergraduate Level & Residency Courses
2000-4999	Undergraduate Level Courses
5000-6999	Masters Level Courses
7000-7999	Specialist Level Courses
8000-8999	Doctoral Level Courses

Tempo Learning™ Grading System

A student can earn a successful grade of "Achieved" or "Mastered" for completion of a competency. To "Master" a competency, a majority of the learning objectives in a given assessment must exceed expectations based on the rubric. A grade of "Not Achieved" is assigned in cases where a student has exhausted all attempts without achieving or mastering the assessment. Students receiving transfer credit for a course will receive a grade of "TR" which is not calculated into the student's GPA. If a student satisfies a course via previous Walden coursework, it is considered "Fulfilled" and is not calculated into the GPA.

Grade Type	Grade Points
Mastered	Equivalent to an "A" or 4.0
Achieved	Equivalent to a "B" or 3.0
Not Achieved	Equivalent to a "F" or 0.0
Transfer "TR"	Not calculated into GPA
Fulfilled "TR"	See Grading Policy

Grade Point Average

Credit is only given for a course if all of the competencies included in that course are satisfied with a grade of "Achieved" or "Mastered". Each competency holds a weight in terms of how significant that competency content is relative to the completion of the overall course. The final grade given for a course is the result of the grades earned for each competency and the weight associated to each competency. All courses completed during a student's program are included in the program GPA.

Competency Report

The Competency Report, which is included on the transcript as an appendix to the academic record, is a comprehensive listing of all competencies completed by the date the transcript is printed. Since full course credit is not awarded until all competencies within that course are satisfied, the Competency Report serves as documentation of all work completed to date, even if course credit has yet to be awarded.

Accreditation

Walden University is accredited by The Higher Learning Commission, 230 South LaSalle St., Suite 7-500, Chicago, Illinois 60604-1411, (312) 263-0456.

Release of Information

This educational record is subject to the Family Educational Rights and Privacy Act (FERPA) of 1974. It is furnished for official use only and may not be released to or accessed by outside agencies or third parties without the written consent of the student concerned. Students may obtain copies of their academic records through the Office of the Registrar by written request only.

Walden University Tempo Learning™ Program

Tempo Learning™ is an alternative modality of learning to Walden's existing course-based learning modality. Instead of traditional courses, the program is comprised of competencies and rigorous assessments. Students progress through the Tempo Learning™ modality by successfully passing competency assessments, which are graded by Walden University faculty using detailed rubrics.

A student must successfully pass all competency assessments in order to meet the requirements of the degree. The degree earned from a Tempo Learning™ program (competency-based learning modality) is the same degree students earn in the traditional course-based modality of the program.

Transcripts from Walden University

Walden University maintains multiple student record systems. Transcripts for student records crossing multiple systems may appear in different formats. Students completing coursework in the Tempo Learning™ modality will have a transcript that is different in format from the Walden University transcript issued for traditional course-based programs. Therefore, a student who has taken coursework from Walden University in both a Tempo Learning™ program and in a course-based program will have two separate transcripts that comprehensively document the student's academic record. Student identification numbers in the different systems may have different formats as well.

Tempo Learning™ Calendar

The Tempo Learning™ calendar does not follow the same calendar as Walden course-based programs. Students can start in a Tempo Learning™ program on the first Monday of any given month. A standard "subscription term" in a program is 3 months in length. In those 3 months, students can take as many competencies as they desire, while still meeting minimum progress requirements. A course is not transcribed with an overall grade until each competency within that course has been completed. Once completed, the course will be listed with the subscription term of completion. Students continue to enroll in subsequent subscription terms until they have completed all of the program requirements. Therefore, all Tempo Learning™ students are considered full-time students.

Course Structure and Numbering

The courses required for completion in a Tempo Learning™ program are the same courses that would be completed in a course-based modality of the program. The difference is that in a Tempo Learning program, the courses are fulfilled by completing a subset of competencies that have been derived from each course. For example, a 3-credit course, WLDN 6xxx, could be comprised of 4 competencies (WU001, WU002, etc), all of which will have different credit equivalency weightings.

Ex: WLDN 6xxx	3 credits
WU001	.25
WU002	.75
WU003	1.00
WU004	1.00

Therefore, course numbering follows the Walden course based numerical convention.

Course Numbering System:

0001-0999	Fundamental Level Courses
1000-1999	Undergraduate Level & Residency Courses
2000-4999	Undergraduate Level Courses
5000-6999	Masters Level Courses
7000-7999	Specialist Level Courses
8000-8999	Doctoral Level Courses

Tempo Learning™ Grading System

A student can earn a successful grade of "Achieved" or "Mastered" for completion of a competency. To "Master" a competency, a majority of the learning objectives in a given assessment must exceed expectations based on the rubric. A grade of "Not Achieved" is assigned in cases where a student has exhausted all attempts without achieving or mastering the assessment. Students receiving transfer credit for a course will receive a grade of "TR" which is not calculated into the student's GPA. If a student satisfies a course via previous Walden coursework, it is considered "Fulfilled" and is not calculated into the GPA.

Grade Type	Grade Points
Mastered	Equivalent to an "A" or 4.0
Achieved	Equivalent to a "B" or 3.0
Not Achieved	Equivalent to a "F" or 0.0
Transfer "TR"	Not calculated into GPA
Fulfilled "TR"	See Grading Policy

Grade Point Average

Credit is only given for a course if all of the competencies included in that course are satisfied with a grade of "Achieved" or "Mastered". Each competency holds a weight in terms of how significant that competency content is relative to the completion of the overall course. The final grade given for a course is the result of the grades earned for each competency and the weight associated to each competency. All courses completed during a student's program are included in the program GPA.

Competency Report

The Competency Report, which is included on the transcript as an appendix to the academic record, is a comprehensive listing of all competencies completed by the date the transcript is printed. Since full course credit is not awarded until all competencies within that course are satisfied, the Competency Report serves as documentation of all work completed to date, even if course credit has yet to be awarded.

ACCREDITATION

South University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, and doctorate degrees. Contact the Commission on Colleges at 1865 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of South University. Additional information on programmatic accreditation and state licenses may be obtained from <https://www.southuniversity.edu/AboutUs/AboutAccreditation-Licensings>.

RELEASE OF INFORMATION

In compliance with the Family Educational Rights and Privacy Act of 1974, as amended, this information is released at the request of the student with the understanding that it will not be released to other parties without the student's written consent.

CREDIT HOURS

Credits are awarded on the quarter hour basis. Fall, Winter, Spring, and Summer terms consist of eleven weeks.

COURSE NUMBERS

Effective Winter 2002, course numbers were changed from five alphanumeric characters to seven alphanumeric characters. Courses numbered 1000 and 2000 are lower-division courses primarily for freshman and sophomores. Courses numbered 3000 and 4000 are upper-division courses planned for juniors and seniors. Courses numbered 5000 and above are graduate-level courses. Courses numbered below 1000 are developmental.

QUARTER DATES

Prior to Fall 1984, the quarter during which grades were received is indicated by the month and the year the quarter ended. From Fall 1987 to Fall 1988, quarters during which grades were received were indicated by the month and year the quarter began. After Fall 1988, terms are indicated by term codes and printed dates.

CALCULATION OF GRADE POINT AVERAGE

Grade point averages are calculated on a 4.00 point system. GPA is computed only for credit earned at South University. The cumulative grade point average (CGPA) is determined by first calculating the total number of quality points, calculated by multiplying the numeric equivalents of course grades (e.g., A=4.0) by the number of credit hours assigned to each course (e.g., 4 credit hours x 4.0). Divide the total number of quality points by the total number of credit hours attempted to determine the CGPA. Transfer credit, course exemptions, and non-punitive grades will not be used in determining grade point average.

The following symbols are used on grade reports, but are not used in the determination of a student's grade point average:

EX	Course exempted
PR	Course credit earned through credit by examination
TR	Course credit earned through transfer
P	Pass
AU	Audit
W	Withdrawal, no grade penalty
WP	Interposition, Withdraw/Passing
WV	Waiver, does not affect ICR/MTFC/GPA
WX	Regislerent, never attended (no course credit or residence credit). A tuition adjustment may be made for courses that receive a WX grade.

I	Incomplete
A	Credit symbol, which denotes a developmental course grade.

Incompletes are given at the discretion of the faculty member to any student who does not complete the course requirements. To receive an incomplete, the student must have completed at least one-half (50 percent) of the course requirements. Incomplete grades must be cleared within 14 consecutive calendar days of the end of session or the incomplete will be changed to the grade earned. The final grade for the course will be designated on the transcript by the appropriate letter grade. Prior to the spring 2005 quarter the revised grade will be designated by the grade followed by an "I" (e.g., A1, B1, etc.). Beginning with the spring quarter 2005, the "I" grade will be replaced by the revised grade.

Repeating Courses - The last grade received replaces any previous course grades in the calculation of the cumulative grade point average for graduation unless the last grade is one of the following: W, WX, or AU. When one of these is the last grade, the previous grade continues to be used in the GPA calculation. However, the cumulative grade point average for the calculation of honors at graduation will include all grades earned at South University.

SPECIAL CODES (Effective Fall 1987 or thereafter)

R	= Course retaken
RR	= Course retaken at a later time under a new course number
R*	= Retaken Override
**	= Last attempt of retaken course. Results of this course are used in recalculation of cumulative GPA.
T (or TR)	= Course credit awarded by transfer (non-GPA)
E (or EX)	= Exemption of developmental course

K/PR = Course credit awarded through credit by examination (non-GPA)

CR = Indicates credit awarded for courses taken previously at South University

CODES (Prior to Summer 1982)

E	= Credit by examination
R	= Course repeated
X	= Completed work previously marked "Incomplete"

Calculation of Grade Point Average for the School of Pharmacy

The cumulative grade point average (CGPA) is determined by dividing the total number of quality points, calculated by multiplying the numeric course grades (e.g., A=4.0) by the number of credit hours assigned to each course (e.g., 4 credit hours x 4.0). By the total number of credit hours attempted. Non-punitive grades will not be used in determining grade point average.

Repeating Courses - All grades for courses taken are reflecting in the calculation of the cumulative grade point average for graduation.

Accreditation

Walden University is accredited by The Higher Learning Commission, 230 South LaSalle St., Suite 7-500, Chicago, Illinois 60604-1411, (312) 263-0456.

Release of Information

This educational record is subject to the Family Educational Rights and Privacy Act (FERPA) of 1974. It is furnished for official use only and may not be released to or accessed by outside agencies or third parties without the written consent of the student concerned. Students may obtain copies of their academic records through the Office of the Registrar by written request only.

Walden University Tempo Learning™ Program

Tempo Learning™ is an alternative modality of learning to Walden's existing course-based learning modality. Instead of traditional courses, the program is comprised of competencies and rigorous assessments. Students progress through the Tempo Learning™ modality by successfully passing competency assessments, which are graded by Walden University faculty using detailed rubrics.

A student must successfully pass all competency assessments in order to meet the requirements of the degree. The degree earned from a Tempo Learning™ program (competency-based learning modality) is the same degree students earn in the traditional course-based modality of the program.

Transcripts from Walden University

Walden University maintains multiple student record systems. Transcripts for student records crossing multiple systems may appear in different formats. Students completing coursework in the Tempo Learning™ modality will have a transcript that is different in format from the Walden University transcript issued for traditional course-based programs. Therefore, a student who has taken coursework from Walden University in both a Tempo Learning™ program and in a course-based program will have two separate transcripts that comprehensively document the student's academic record. Student identification numbers in the different systems may have different formats as well.

Tempo Learning™ Calendar

The Tempo Learning™ calendar does not follow the same calendar as Walden course-based programs. Students can start in a Tempo Learning™ program on the first Monday of any given month. A standard "subscription term" in a program is 3 months in length. In those 3 months, students can take as many competencies as they desire, while still meeting minimum progress requirements. A course is not transcribed with an overall grade until each competency within that course has been completed. Once completed, the course will be listed with the subscription term of completion. Students continue to enroll in subsequent subscription terms until they have completed all of the program requirements. Therefore, all Tempo Learning™ students are considered full-time students.

Course Structure and Numbering

The courses required for completion in a Tempo Learning™ program are the same courses that would be completed in a course-based modality of the program. The difference is that in a Tempo Learning program, the courses are fulfilled by completing a subset of competencies that have been derived from each course. For example, a 3-credit course, WLDN 6xxx, could be comprised of 4 competencies (WU001, WU002, etc), all of which will have different credit equivalency weightings.

Ex: WLDN 6xxx	3 credits
WU001	.25
WU002	.75
WU003	1.00
WU004	1.00

Therefore, course numbering follows the Walden course based numerical convention.

Course Numbering System:

0001-0999	Fundamental Level Courses
1000-1999	Undergraduate Level & Residency Courses
2000-4999	Undergraduate Level Courses
5000-6999	Masters Level Courses
7000-7999	Specialist Level Courses
8000-8999	Doctoral Level Courses

Tempo Learning™ Grading System

A student can earn a successful grade of "Achieved" or "Mastered" for completion of a competency. To "Master" a competency, a majority of the learning objectives in a given assessment must exceed expectations based on the rubric. A grade of "Not Achieved" is assigned in cases where a student has exhausted all attempts without achieving or mastering the assessment. Students receiving transfer credit for a course will receive a grade of "TR" which is not calculated into the student's GPA. If a student satisfies a course via previous Walden coursework, it is considered "Fulfilled" and is not calculated into the GPA.

Grade Type	Grade Points
Mastered	Equivalent to an "A" or 4.0
Achieved	Equivalent to a "B" or 3.0
Not Achieved	Equivalent to a "F" or 0.0
Transfer "TR"	Not calculated into GPA
Fulfilled "TR"	See Grading Policy

Grade Point Average

Credit is only given for a course if all of the competencies included in that course are satisfied with a grade of "Achieved" or "Mastered". Each competency holds a weight in terms of how significant that competency content is relative to the completion of the overall course. The final grade given for a course is the result of the grades earned for each competency and the weight associated to each competency. All courses completed during a student's program are included in the program GPA.

Competency Report

The Competency Report, which is included on the transcript as an appendix to the academic record, is a comprehensive listing of all competencies completed by the date the transcript is printed. Since full course credit is not awarded until all competencies within that course are satisfied, the Competency Report serves as documentation of all work completed to date, even if course credit has yet to be awarded.

ACCREDITATION

Cleveland State University is fully accredited by the Higher Learning Commission as a degree-granting institution. In addition, various departments and colleges are accredited by their respective professional accrediting agencies.

HISTORY

Cleveland State University was established as a state-assisted university in 1964 when it adopted the buildings, faculty, staff and programs of Fenn College, a private institution of 2500 students. The Cleveland Law School was founded in 1897. In 1946, Cleveland Law School merged with the John Marshall School of Law to become Cleveland-Marshall College of Law. Cleveland-Marshall became part of Cleveland State University in 1969.

RELEASE OF INFORMATION

The Office of the University Registrar of Cleveland State University has released this official academic transcript in accordance with the Family Educational Rights and Privacy Act of 1974 (as amended).
